*Dear Fr. Andre Mahanna,
Founder and Director of St Rafka Mission of Hope and Mercy- Denver Colorado*

Since you have started to develop our partnership in relieving our Iraqis refugees' parishioners, we feel how far our Lady of Mercy through St Rafka's channel can go in building up the confidence in our Lord's Providence.

Starting with the Christmas celebrations and all the happiness it has given to more than one thousand children, you certainly must be more than happy in experiencing the joy of standing in the giver side especially after you have witnessed the crowd created by the receivers on the distribution day.

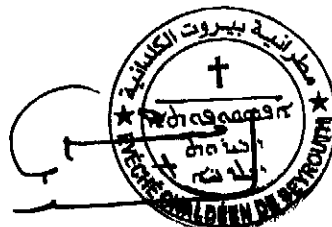

Again we are back to tell you all our gratitude for the good opportunities your organization is offering to the Iraqi refugees with food rations.

By the same, we ask you to continue supporting the Eastern Christians and particularly Chaldeans with all types of humanitarian assistance to make their living easier.

As you well know, their condition of refugees far from their original homes makes them in need for housing support, food and clothing as well to cater all ages and gender, in winter and summer as well.

We again thank you asking the Lord to grant you Peace, Love and wellbeing.

Sincerely yours,

† *Mgr. Michel Kassarji*
Evêque Chaldéen de Beyrouth
